

# Warhorse

## Kobra and the Lotus

Trampling creation, a vision destroyed  
Eternal dissident noise  
Crippling the earth as it falls in his void  
Fearing the hate in his eyes

Show no mercy, Leave no pride  
Life of ruin, Leave them blind

Dark Lord, he will betray  
Discord, infecting with decay

Here comes the war horse  
Built to Destroy you  
Here comes the war horse  
Burn in hell!  
Here comes the war horse  
We will destroy you  
Here comes the war horse  
Burn in hell!

Galloping malice, a thunder of fear  
Brought by a steed of demise  
Capturing, torturing, sucking them in  
With gifts of corruption and lies

Show no mercy, Hear them cry  
As they suffer, They will die

Dark Lord, he will betray  
Melkor, infecting with decay

Here comes the war horse  
Built to Destroy you  
Here comes the war horse  
Burn in hell!  
Here comes the war horse  
We will destroy you  
Here comes the war horse  
Burn in hell!

Where do we go from here?  
War horse is getting near  
How do we get away?  
This is the end of days

Where do we go from here?  
War horse is getting near  
How do we get away?  
War horse has come to slay!

War horse!

War horse! War horse! War horse! War horse!

Here comes the war horse  
Built to Destroy you  
Here comes the war horse

Burn in hell!  
Here comes the war horse  
We will destroy you  
Here comes the war horse  
Burn in hell!
