

# Could of Been Different

Kodak Black

Broward County, 954, we here, I kicked the door down  
'Nolia boy shit, 1800 block, ugly corner, tied, gleeful

I was hopin' that you'd ride for me the way I rode for you  
I wish my boy was here to see the man that I grew into  
And I know if I'm feelin' like this, it gotta be mutual  
But it ain't they business tellin' them the shit we surfaced through  
Yeah, I won't never tell the world the shit I did for you  
Even though you lied on me, that's cool, as long as you know the truth  
I don't even feel the love be real no more, so I keep my distance  
Remember I ran me up my millions, you was in your feelings  
Even that time you shake my hand and you don't even grip it  
But if I put that shit on blast, they gon' say I'm trippin'  
I'ma just follow my intuition and I'ma keep on livin'  
I wonder sometimes if you wishin', shit could've been different  
Right now I'm cheffin', it's too late, I'm doin' my thing right now  
I ain't lookin' down on you just chillin', I'm on the plane right now  
I know you miss me, but don't worry, I'll never forget you  
Even though you switched on me and it hurt me, I can't hold that 'gainst you  
Takin' everything in me and it's burnin' for me to forgive you  
You still my whoadie, still my dirty, but I ain't fuckin' wit' you  
To create my future, I had to revisit my past, revisit my pain  
But I won't never let you back in, we can't rekindle that flame  
When he got stuck on and you blamed me 'cause you know I did it  
Couldn't call on you when it was raining and it killed my spirit  
All the shit you said, you tried to shame me, tried to kill my image  
Even though you know me since a baby, and you know I'm with it  
You know I'm serious, steppin' on niggas like I ain't even got no feelings  
I'm in my cell right now, I'm wishin' shit could've been different  
I ain't droppin' no names no more but nigga, I hope you hear it  
Can't take nothin' back, it went like that, so nigga that's what it is  
Everywhere I went, I took you with me, every show I did  
Ain't say your name in all my songs no more, can't waste my lyrics  
I said I was comin' home, they said, "No you isn't"  
I'm a real nigga, so I'm dyin' how I'm livin'  
I remember throwin' rocks, now we goin' to prison  
When I got my first Glock, kept that thing with me  
You was with me on the block, thuggin' real silly  
Jumped in the game, then I popped, then you went to switchin'  
I tried to give you niggas shots, but you niggas missin'  
Soon as Lil Yella got knocked, niggas went to snitchin'  
I done been through a lot, shit you never didn't  
I had to pop a nigga top to make that boy feel me  
Crackers had me in the box, thuggin' every minute  
Young nigga, see about me, I'ma show you different  
All my life, throwin' rocks at the penitentiary  
But now my watch got rocks, no more drug dealin'  
And now my top gon' drop, I'm in a new Bentley  
Heard foolie got shot, I wonder who did it  
You my dirty, you and me, we made it from the mud  
I been wishin' shit could've been how it was  
'Bout you, I swear to God I would've took a slug  
Down to kill a nigga 'bout you, and it's all love  
This shit ain't about a stripe, this just what I'm used to  
I'm down to throw away my life, throw away my future  
'Bout street principality, no flag  
Man, that soldier-like mentality automatic

I'm jumpin' out the pink-G truck with the ratchet  
Z's up 'til I freeze up, lil' daddy (Glee)  
Z's up 'til I freeze up, lil' daddy (Gleeful)  
Z's up 'til I freeze up, lil' daddy

Gleefully, that's how you present that shit the right way  
You know what I'm talkin' 'bout, Broward County, 954  
You know, we don't represent, we don't re-present  
We present it once and that's what it is, that's how you step  
Can't take nothin' back, went like that, so that's what it is  
I wish it could've been different, though  
1800, SG-13, the dumb way, the long way  
Sniper Gang or no gang
