

Feeling Myself Today

Kodak Black

(Earl on the Beat)

I don't know if you see it or not, but I'm feelin' myself today
I ain't even thinkin' 'bout you right now 'cause I'm feelin' myself today
Whip the foreign out the lot, now I'm feelin' myself today
I just bought another spot, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today

Young nigga, I got old money, I got old hundreds
I'm maneuvering and road runnin' and it's so funny
I put D'USSÉ on the rocks, I thank God I beat the case
Made a movie on the spot, now they feelin' some type of way
And just in case you wanna know, I be bougie everyday
Just in case you wanna know, I'm still thuggin', slangin' K's
Sent my lil' nigga up top and he brought me back a lot
And it's either you in or out, and it's either you down or not
I'm out here all around the clock
And I bet my diamonds Kodak Bop
And I bet I keep my 40 Glock
If you run up on me, you gon' get popped

I don't know if you see it or not, but I'm feelin' myself today
I ain't even thinkin' 'bout you right now 'cause I'm feelin' myself today
Whip the foreign out the lot, now I'm feelin' myself today
I just bought another spot, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today

Whip the baby out the pot, wah
I just did a walk through for a hundred bands
You ain't ever finna go nowhere, you ain't got a plan
And what's overstood ain't gotta be understand
Gotta be just like me, I'm too for real
Feel so good right now on the way here
Platinum in my mouth from ear to ear
And ain't nobody gon' fuck her how I feel
Nigga, you gotta be concrete, gotta be steel
Runnin' with zombies 'til I'm killed
Shoppin' at Barneys, no cartoon
You can't even copy what I do
Feel so good, I crashed the Porsche
'Cause I can buy another Porsche
Every time I'm in New York
You already know where the hell I be goin'

I don't know if you see it or not, but I'm feelin' myself today
I ain't even thinkin' 'bout you right now 'cause I'm feelin' myself today
Whip the foreign out the lot, now I'm feelin' myself today
I just bought another spot, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today
Now I'm feelin' myself today, now I'm feelin' myself today

Now I'm feelin' myself today, now I'm feelin' myself today
