

I Knew It

Kodak Black

Now ever since I started fucking with you, I changed my whole lil' rundown
(DzyOnDaBeat)
(Dyryk, when we link up, we legendary)

I knew it right away
I was gon' be yours, you was gon' be bae
Ever since we fell in love
Ever since you gave me the time of day
I switched my whole setup
I'm keeping it real, ain't tryna play
You know I'm fucked about you
Everything you do, everything you say
I'm on another time
I wanna be yours, you gotta be mine
Going through a lot
Be patient with me, hold me down
I'm going through a lot
Be patient with me, hold me down
I'm on another time
I wanna be yours, you gotta be mine
I'm going through a lot
Be patient with me, hold me down
