

It Hurts so Much

Kolohe Kai

How do I move when I can't feel my feet
How do I breathe, I got the wind knocked out of me
It really hurts that I now have to say
That she is not my baby

Yes I am single but not available
My heart is taken and I know it makes no sense
It's 'cause I am still in love with her
Even though it really hurts, it does
'Cause she's not single, she's not available
She's found another, another heart to hold
And still I, I'm in love with her
Even though it really hurts, it does

It really, really hurts my love, you see it
It feels like my whole heart blew up to pieces
It really, really hurts my love, you see it
It hurts so much when you're not here

It hurts so much
It hurts so much
Yeah yeah yeah yeah

I never thought this day would ever come
Like a glove to my hand, I knew you were the one
But now the only thing that ever seems to numb the pain
Are the memories, the echoes, when you called my name

Yes I am single (She's not single)
But not available (She's not available)
My heart is taken (She's found another)
And I know it makes no sense (I know it makes no sense)
It's 'cause I am still in love with her
Even though it really hurts, it does

It really, really hurts my love, you see it
It feels like my whole heart blew up to pieces
It really, really hurts my love, you see it
It hurts so much when you're not here

It hurts so much
It hurts so much
Yeah yeah yeah yeah
It hurts so much, yeah
Ooh ooh ooh ooh
Yes, yes it does

Yes I am single but not available
My heart is taken and I know it makes no sense
It's 'cause I am still in love with her
Even though it really hurts, it does

It really, really hurts my love, you see it
It feels like my whole heart blew up to pieces
It really, really hurts my love, you see it
It hurts so much when you're not here

It hurts so much (ooh)
It hurts so much (yeah)
Yeah yeah yeah yeah
It hurts so much, oh, yeah baby
I miss you so much
I miss you, I miss you
