

# Temptation

Kolohe Kai

I've been trying to get your attention  
But you're too much of a fox  
And it seems like you're the girl of my dreams  
But my hearts bound to being locked

It's got control of you  
And I don't want to lose it too  
I know it's you I can't pursue  
I don't want to do these things

I'm looking and I need to stop  
Please help me to find it within my heart  
To finally let go of this pretty wahine  
That'll make me lose control

And I see you staring at me slightly  
Like I even have a chance (a chance with you)  
What danger I can see in your eyes  
Oh so foreign and fast

You're a stranger to my heart  
And I would like this love to start  
But I know too much about you  
And what you could do to me

I'm looking and I need to stop  
Please help me to find it within my heart  
To finally let go of this pretty wahine  
That'll make me lose control  
(Don't make me lose control)

Girl you are temptation to my every desire  
And I gotta put the fire out before I burn  
Timid is the season but I've got a better reason  
To explain from all this treason, this is what I've learned  
And girl, girl you are so beautiful from a far  
I love you, so girl I'm sorry for leading you on  
In about two seconds I'm gonna be gone

I'm looking and I need to stop  
Please help me to find it within my heart  
To finally let go of this pretty wahine  
That'll make me lose control

I'm looking and I need to stop  
Please help me to find it within my heart  
To finally let go of this pretty wahine  
This pretty wahine  
This pretty wahine  
That'll make me lose control
