

# Written In Stone

Kolohe Kai

Just like the sea  
Its waves never come to an end  
Our love will be like that  
Our love will be like that

Just like the sky  
Its color will always be blue  
Just like my love for you  
Forever will be true

It's hard to get there if we're not, gonna try it  
So let's give it our all  
So that we're never far away

If we just try our best  
Then we've got the rest  
Of our lives we love each day

Our love will be written in stone  
Never ever will we be alone  
If we put faith into action  
We'll find a pretty lovely reaction  
Our love will be written in stone  
Never ever will we be alone  
If we put faith into action  
We'll find a pretty lovely reaction  
And that is our love written in stone

Yeah!

Just like the sun  
Its presence will always be there  
I'll never leave, I swear  
I wouldn't even dare

'Cause our happiness  
Can last 'till the moon is no more  
Never has it left before, no  
Will it?

It's hard to get there if we're not, gonna try it  
So let's give it our all  
So that we're never far away

If we just try our best  
Then we got the rest  
Of our lives we love each day

Our love will be written in stone  
Never ever will we be alone  
If we put faith into action  
We'll find a pretty lovely reaction  
Our love will be written in stone  
Never ever will we be alone  
If we put faith into action  
We'll find a pretty lovely reaction  
And that is our love written in stone

Our will be written in  
Our will be written in stone

It's hard to get there if we're not, gonna try it  
So let's give it our all  
So that we're never far away

If we just try our best  
Then we got the rest  
Of our lives we love each other everyday

Our love will be written in stone  
Never ever will we be alone  
If we put faith into action  
We'll find a pretty lovely reaction  
Our love will be written in stone  
Never ever will we be alone  
If we put faith into action  
We'll find a pretty lovely reaction  
And that is our love written in stone  
Stone
