[Verse 1:]

When I was a kid I never think this day would come  
Never had a dream two daughter si di sun  
Now we getting money, mixing Henny with di rum  
Thank God I never dead inna mi time busting gun  
So every ghetto youth unuh fi listen to mi song  
All di sufferation naw go last too long  
Long as yo have drive and yo have ambition  
Set yo goals dem high then yo stick to di plan

It started out 2005

Sherlock di worlock a hustle fi survive  
9-5 couple thing pon di side  
Mi no proud a mi pass but food haffi provide  
One day mi brother seh, a music hi no  
Jah gi wi di talent, wi better use it hi no

And from da day deh a just di music mi seh  
Stand up firm pon di path and never yet stray weh  
Ghetto youth no meck dem tell yo seh yo cyaa be di man  
Wa dem a chat, no matter than, no intimidation  
Cause anything yo waan be, yo can be the one  
From yuh have ambition, ambition, ambition

Mi seh di one word 3 time inna di song  
That mean seh a that mi a emphasize pon  
So wa si plan, di road tough, di journey long  
But yo go fi yo dream without hesitation

[Chorus:]

Ghetto youth, anything yo waan bi yo can bi  
From yo street smart then yo wi understand mi  
No meck dem call yuh cruff nor handicap  
Just believe inna yo self and yo have to shot

Cause anything yo waan bi yo can bi  
From yo street smart then yo wi understand mi  
No meck dem call yuh cruff nor handicap  
Caw yo have to shot

[Verse 2:]

This is a freestyle but it have a chorus  
Everything a come from mi heart nothing no bogus  
Team no sleep represent fi di youths dem  
Seh wi haffi teach dem before di devil reach dem  
All government a use dem  
Or politician use dem or meck police use dem  
Mi no talk and left no loose end  
All though mi never use pen mi talk and mi tired fi lose friend

Member seh wi did a come from zero  
Killer, Beenie, Shabber, Buju, Ninja was wi hero  
To di top dem never want a youth from di street go  
Dem naw help but dem wuick fi talk bout ego  
So ghetto youth no bother listen when dem talk  
Do no bother meck dem seh wi fool or wi dark  
Just work and gwaan hold it like a gully mullet

And when yo get yo chance just run it and done it

[Chorus]
