

Man Can Go Even Through the Grey Stone

Korpiklaani

Man can go through the grey stone
Man can go through the great stone
Man can go, man can go

Men's got to do what men's got to do
Men's got to do what men's got to do
Men's got to do, men's go to do

You can do what you wanna do
You can do what you wanna do
You can do, you can do
