

## Born To Kill

Korzus

The end resistance arrived  
It can't be changed anymore  
The black night comes to warm  
Her belly comes the sin

His soul is his power  
The damned return to kill  
The time is now, it's the end  
Listen to what he will say :

"I am back,  
You must come to me  
I have no mercy  
I am born, born to kill"
