

The Dark Side Of The Mind

Korzus

They say about me
They prefer my defeat
To reaching their own success
They hurt me

Like snakes
They're betrayers
They destroy my image
In front of me are my friends
Behind me my executioners

Lies, lies !

Is the dark side
The dark side of the mind
Lies, lies !
Is the dark side
The dark side gotta die

They want to see me grovel
Get down on my knees

They don't fight
They cheat easily !

Disloyal, disloyal !
Envy is their trademark
You keep on believing them
And you'll get stabbed in the back

Lies, lies !
Is the dark side

Lies, lies !
Is the dark side

The greatest sadness
Is a lack of shame
They distort the truth
Poisoning my name
They're people without honor
They are all two-faced
