Everything I can tell
Is here on this paper
Everything I can write
Is here in my mouth
I can't catch the thoughts
Because I lost them in the past
All what I've said before
Is not truth but otherwise...

Do I have to fear my life Or can it to be so much worse? Now I am still living in...living in... ...in hypnosis

Do I have to fear our mind Or can it be so much better? Now I am still living in... ...living in fear

Say everything though my mouth
Say everything though my blood
Think of everything though my brain
Tell everything though my own god

Tales of your history You feel so much scarefully? Tales of your history Or you feel so painfully?

You can see the future
You don't know what's going to be
You've seen the past
And there hurts something
You want to clean you life down
But everything stay in your history

Tales of your history You feel so much scarefully? Tales of your history Or you feel so painfully?
