

The Truth About Lies

Krabathor

Feeling important with your lies
Living your halflife
Blind faith in yourself
Blind pride
So why are we scared?
We lie to ourselves!
Always we are ready
For suffering, pain and stress
Don't you need to vomit?!

Chorus:

Stop these bleeding
Fucked up times
And say the truth
About all lies
Artful assholes
In false pose
Procreated
By a mendacious world
Repeat Chorus
Your personal koresh
Sleeps inside of you
Mental mutilation
Sicker than ever
Neverending inner crime ...
Patronizing kidding
Seems like an emesis
Your words stink ...
Don't you need to vomit?!
