Let there be darkness Let there be blood tonight Let there be riots Come start the fires tonight Can't you see our people have got no choice but to fight them back? Can't you see the change of consciousness demands a total attack? Total attack Finally they're swarming in A long forgotten youth The cause of inequality A paradise for few Superior, inferior A vast insanity When justice is tyranny Anarchy is breaking out Destruction marks their way Burning temples turning into Dark crypts of decay The mighty are the fallen now The weak are on the hunt Battle on many fronts There will be darkness There will be blood tonight Now let the riots begin Convulsed by protest At civilization collapse

Monumental terror
Spreading like a pestilence
From suburbs to the center
Of colossal arrogance
Cascade of aggression
Merely harvest seeds of hate
Storming the barricades
Cities of inception
Burn to ashes in one night
Imperators crying at this grand historic sight
Entering a death spiral tonight they see their fate
Doomed to reincarnate

There will be darkness
There will be blood tonight
So let the riots begin
A social unrest
At civilization collapse
