

Gangland

Kreator

Help me, protect me, get me out of this place
No chance, no hope in the rat race
They don't care, they don't see where you've been
They don't wanna know that you can't cope with anything

No easy come, easy go
Not too fast, not too slow
Must get up, but you've pulled back down
If you mess around with fire
You're gonna get yourself burnt

Hit it, break it, kick down the door
If you want some of the action
They still laugh, at your part in their play
They hide the truth ain't no cure for a messed up youth

No easy come, easy go
Not too fast, not too slow
Must get up, but you've pulled back down
If you mess around with fire
You're gonna get yourself burnt

Can't stand, can't change the social gangland
All stick together you will never break their wall
They don't care, they don't see where you've been
They don't wanna know that you can't cope with anything

No easy come, easy go
Not too fast, not too slow
Must get up, but you've pulled back down
If you mess around with fire
You're gonna get yourself burnt
