

# Alibi

Krewella

Always been a black sheep living in a daydream  
In too deep, in too deep  
I'ma give you everything, I'ma give you everything forever, everything  
Don't even know sleep, gonna keep it all G  
On the same team, same damn team  
'Til my body 6 feet, I'ma give you everything forever, everything

I'm that Al Capone Cadillac, drive like a maniac  
Killer like zodiac (yeah, yeah, yeah)  
Shock to your cardiac, 'til the end got your back  
Even when you're gonna crash

I'm still gonna ride with you, ride with you, ride with you  
You know I'd die for you, die for you, die for you  
Put it all on the line for you just to keep it bulletproof (oh)  
Stay with me tonight, I'll be your alibi

Yeah, yeah, yeah  
I'll be your alibi  
Yeah, yeah, yeah  
I'll be your alibi

Ready for the backlash, said I'm gonna come back  
I'll be back, I'll be back  
I'ma give you all I have, I'ma give you all I have forever, all I have  
Keep you in my habitat, dedication to the max  
Never change that, won't change that  
I'ma give you all I have, I'ma give you all I have forever, all I have

Yeah we're different from the masses, we go back, Jurassic  
Baby, we a classic (yeah, yeah, yeah)  
With you 'til the casket, mellow the dramatic  
Even through the madness, yeah

I'm still gonna ride with you, ride with you, ride with you  
You know I'd die for you, die for you, die for you  
Put it all on the line for you just to keep it bulletproof (oh)  
Stay with me tonight, I'll be your alibi  
Oh, I'll be your alibi

Yeah, yeah, yeah  
I'll be your alibi  
Yeah, yeah, yeah  
I'll be your alibi

I'm still gonna ride with you, ride with you, ride with you  
You know I'd die for you, die for you, die for you  
Put it all on the line for you just to keep you bulletproof  
Stay with me tonight, I'll be your alibi  
I'll be your, I'll be your, I'll be your alibi  
I'll be your, I'll be your, I'll be your alibi

Yeah, yeah, yeah  
I'll be your alibi, I'll be your alibi  
Yeah yeah, yeah yeah  
I'll be your alibi

Alibi, I'll be your alibi
