

Bad Liar

Krewella

I try to keep my secrets, but I must admit
Sometimes I drink my feelings, so I can let you in
Memories bleeding, when you touch my skin
Then you're back again, oh

And I never, ever called
It's because I hated goodbyes, you know
That I never, ever called
Because I didn't wanna let you go
And if I never, ever called
It's because I hated goodbyes, you know
So I never, ever called
'Cause I didn't wanna let you know
That I'm such a bad, bad liar
And you just set my bones on fire

And I just need a hand on my mouth, when you're around
Stop it from pouring out
I'm a bad, bad, bad, bad, liar

Such a bad
Such a bad, bad, bad, bad, liar

I tried to hide my emotions
But they're runnin' free
Sometimes they're hard to notion
I feel they're drownin' me
Why am I only open
When you're about to leave?
Yeah it makes no sense, oh

And I never, ever called
It's because I hated goodbyes, you know
That I never, ever called
Because I didn't wanna let you know
I'm such a bad, bad liar
And you just set my bones on fire

And I just need a hand on my mouth, when you're around
Stop it from pouring out
I'm a bad, bad, bad, bad, liar

Such a bad
Such a bad, bad, bad, bad

If I'm bein' honest, I'll just say I wanted
Yeah, fight the feelin', I'll open up to you
I'll fight the feelin', I'll open up
And if I'm bein' honest, I'mma freefallin'
Yeah, fight the feelin', I'll open up to you
'Cause you know I'm such a bad, bad liar
And you just set my bones on fire

And I just need a hand on my mouth, when you're around
Stop it from pouring out
I'm a bad, bad, bad, bad, liar

Such a bad

Such a bad, bad, bad, bad, liar
