

Goddess

Krewella

I don't stay put, I stay grinding
That's my last name, bitch, no hyphen
Throw it down, I'll wine and dine 'em
Flippin' the script, so, let's go
Never second to the top, Joe Biden
Clean it up real good, Dyson
I'm the ozone to your climate
Don't need to flex, I lay low

All the pussy make the world go 'round
Spin it 'round, let it pou-pou-pounce
Can I get a moment for the bitches at the top?
Heard that mind, body, soul over the riches, Salam

Oh-na-na-na, hold it down
You got that crown, baby, don't give it up now
Oh-na-na-na, say it loud
Runnin' that shit like a goddess
Oh-na-na-na, hold it down
You got that crown, baby, don't give it up now
Oh-na-na-na, say it loud
Runnin' that shit like a goddess

Yes, I'm high, I'm mighty, righteous
I'm an all-black, fair trade diamond
Might fuck around and buy myself an island
Flippin' the script, so, let's go
Got my own damn swag, no stylist
Thirty thousand, I'm still climbing
Getting high on all this flyness
Don't need to flex, I lay low

All the pussy make the world go 'round
Spin it 'round, let it pou-pou-pounce
Can I get a moment for the bitches at the top?
Heard that mind, body, soul over the riches, Salam

Oh-na-na-na, hold it down
You got that crown, baby, don't give it up now
Oh-na-na-na, say it loud
Runnin' that shit like a goddess
Oh-na-na-na, hold it down
You got that crown, baby, don't give it up now
Oh-na-na-na, say it loud
Runnin' that shit like a goddess

Grrah
They call me the fire breathin' dragon that nobody can slay
A demon in the beam I blow 'em all away
Raja Kumari, daughter of the king
Warrior like I'm Xena, better bow down and kiss the ring
You know this, I'm here to get ya goin'
I know you feel the rhythm levitatin', got you floatin'
So you can light the fire, go deeper than the ocean
My body is a temple, baby, show me your devotion
Oh shit

Oh-na-na-na (Yeah)
Oh-oh-na-na-na (Yeah, you know)
You got that crown
Baby, you got that crown
Oh-na-na-na
Oh-na-na-na
You runnin' that shit like a-
You runnin' that shit like a mother

Runnin' that shit like a goddess
Runnin' that shit like a goddess
