

# Life of the Party

Krewella

Gimme that 'cardi and a motherfucking cup  
I move my body, baby, like I'm down to fuck  
Life of the party, here we go, put 'em up  
We about to get it popping, let it rock, let it rock, rock

Gimme me a kickdrum and a motherfucking drop  
I've been tearing up your hood, criminal, call the cops  
G-g-got that TX robot womp, DJ turn that bass up  
Let's get it started, let it rock, let it rock

Life of the party  
Li, life of the party  
Life of the party  
Li, life of the party

Rocking out every single fucking day  
Twenty-four reasons I be on that rave  
Dim the lights, let it roll, 'til we hazy  
Gentlemen, get it in, make it rain

Do it big, pouring henny 'cos we thirsty  
Chicago, yeah, we lighting up the city  
Fill my cup, bottoms up 'til we blurry  
Getting cake every night, it's like my birthday

Life of the party  
Li, life of the party  
Life of the party  
Li, life of the party

Every night all the girls lined up  
'Cos they know I light the motherfucking skyline up  
Ass in the air, fired up  
'Cos ain't nobody ever torn it down like us  
I hit the club, then we hit the flo', let the liquor flow  
'Til we hit the floor again  
Let 'em know the motherfucker 'go goes in  
Even if we blacked out, keep pouring  
Ill, give the party a heartbeat  
CPR, fill up the Bacardi  
Hold that now, slow that down  
Turn the top of the bottle upside down  
Go hard, never stop  
Make it rain, let it rock  
Let it rock, rock...

Let it rock

Life of the party  
Li, life of the party  
Life of the party  
Li, life of the party

Here we go

Let it rock

Life of the party  
Li, life of the party  
Life of the party  
Li, life of the party...
