

Never Been Hurt

Krewella

Touch me like heaven it is real
Take me to the edge of this high
Breathing you in shake my fear
You're waking up a world inside

What's a heart without a little baggage
What is trust without a little faith
What if we could let go of the damage
The space between us vanishes away

I wanna love you like I've never been hurt
Love you like this love is the first oh oh
I'm gonna love you like, I'm gonna love you like
Love like I've never been hurt

I'd rather stay in this dream
The world is a beautiful lie
Hold me in this ecstasy
Your touch leaves me sanctified

What's a heart without a little baggage
What is trust without a little faith
What if we could let go of the damage
The space between us vanishes away

I wanna love you like I've never been hurt
Love you like this love is the first oh oh
I'm gonna love you like, I'm gonna love you like
Love like I've never been hurt

Love me right yeah love me right
Make me feel so good don't say goodbye now
Can't deny that you're the light girl
Keep me up can't sleep with no lights out
It's 2 am don't call it mornin'
Need a cleanse I'm feelin' toxic
Hold me up drop me down nauseous
Tell me how to fight against the conscience girl

I wanna love you like I've never been hurt
Love you like this love is the first oh oh
I'm gonna love you like, I'm gonna love you like
Love like I've never been hurt
