

## New World

Krewella

Mama told you girl she's a mutt  
She said do me, she said do me proud, half-blood  
People every, people every corner, every block  
We be rolling, we be rolling deep to the club  
(Rolling, rolling, rolling)

Getting litty pounding sake, hello kitty eating Pocky  
Boss bitch, hella cocky, that's whats up (that's what's up)  
I'm in Cali making noise off-hotel with the boys  
Looking hella fresh, Kyoto, I'm the plug (I'm the plug)  
Latin ladies on me, like some mole on tamales  
All the señoritas always show me love  
Got a fire Russian model, taking Vodka from the bottle  
Sasha, she don't need no chaser in her cup (in her cup)

It's a new world, new world  
All the bad boys and the rude girls  
It's the new world, new world  
Yeah, we coming up, yeah we, yeah, we coming up (hey)  
We don't wanna, we just wanna live  
I'm about to, come out with the clique  
It's a new world  
Yeah, we coming up, yeah we, yeah we coming up

Yeah, we coming up, yeah we, yeah we coming up

[Taylor Bennett:]

I might be that pop star of your generation  
Black, White, Hispanic, Asian, Persian persuasion  
This happens often, but it basic occasionally  
I turn that one-on-one to three, it's amazing  
I came up from nothing and hit the lotto like it's the motto  
Get with different models, with different problems, and gifted  
bottles  
We've got fifty bottles and nails is polished, she's from Chica  
go  
When we from the projects projected to never see a dollar

It's a new world, new world  
All the bad boys and the rude girls  
It's a new world, new world  
Yeah, we coming up, yeah we, yeah, we coming up (hey)  
We don't wanna, we just wanna live  
I'm about to, come out with the clique  
It's a new world  
Yeah, we coming up, yeah we, yeah, we coming up
