

Overboard

Krewella

I just wanna get naked, lose my wallet
Throw my phone, don't try calling
Fuck about the Internet, won't be at my funeral
Kinda need a cigarette and I don't even smoke
Unless it gets me high
But why do I always come down?
And now I'm dying inside
I don't want nobody around

I guess I don't sleep
I guess I don't bleed
I guess I don't breathe
I guess I'll never need anything anymore, eh
Anything anymore, eh
I guess I don't feel
I guess I'm not real
It's not a big deal
I guess I'll never fear anything anymore, eh
Anything anymore, eh

Eh, I guess that whole thing put up in a bad dream
And I'm waking up, it's all over now
Ayy, yeah, it's all over now
Ay-ay-ayy
I'm just a blank screen, I know I'm a light beam
I'm just an offbeat
Gotta go overboard, a-ayy
Yeah, I'm going overboard, eh

I been on an island in my mind (I can't reach you anymore)
I'm not coming back, I need my time (Could you leave me on my own?)
I'll just can relate to all this sign (I thought you would always be there)
Everything I thought I knew was just a lie (Just a lie)
Ju-just another fucking lie (Yeah, yeah, yeah)

I guess I don't sleep
I guess I don't bleed
I guess I don't breathe
I guess I'll never need anything anymore, eh
Anything anymore, eh
I guess I don't feel
I guess I'm not real
It's not a big deal
I guess I'll never fear anything anymore, eh
Anything anymore, eh

Eh, I guess that whole thing put up in a bad dream
And I'm waking up, it's all over now
Ayy, yeah, it's all over now
Ay-ay-ayy
I'm just a blank screen, I know I'm a light beam
I'm just an offbeat
Gotta go overboard, a-ayy
Yeah, I'm going overboard, eh

An offbeat
Gotta go overboard, ayy

Gotta go overboard, ayy
Gotta go overboard, ayy
An offbeat
Gotta go overboard, ayy
Gotta go overboard, ayy
Gotta go
