

Play Hard

Krewella

(I can play)
I can play hard
Catch me at the bar, you fuckin' with a star
'Cause I can play hard a-a-a-ard.
I can play hard
Whiskey and cigars
You watchin' from afar how
I can play hard (hard hard hard hard).

I can play (haa-aard)
I can play (haa-aard)

Burning poles in the back of my head
Hangin' on to every word that I said
Got your heart in the palm of my hand
(The palm of my hand).
I can play hard
Catch me at the bar, you fuckin' with a star
'Cause I can play hard a-a-a-ard.
I can play hard
Whiskey and cigars
You watchin' from afar
I can play hard (hard hard hard hard).

I'm in, I'm in the spotlight
I'm in the.

On your knees, got you holding your breath
Demons out, but you're better off dead
Bottles up, yeah get it off my chest
(Off my chest)
I can play hard
Catch me at the bar, you fuckin' with a star
'Cause I can play hard a-a-a-ard.
I can play hard
Whiskey and cigars
You watchin' from afar how
I can play hard (hard hard hard hard).

I can play (haa-aard)
I can play (haa-aard)
