

Rewind

Krewella

Is it just me or do you ever feel like time just flies?
Is it just me or do you ever feel the years go by?
I never been good at sayin' goodbye
So I'ma let the memories get me by
Is it just me or do you put the same scenes on rewind?
Rewind, rewind, rewind, rewind, rewind
Is it just me or do you put the same scenes on rewind?
Rewind

Do you put the same scenes on rewind? Rewind

I'm in the passenger seat, I feel like I'm in a dream
I think of where I've been and we're driving
I close my eyes in the wind, it flows on top of my skin
It blows me back to a time

When I'd wear my heart on my sleeve ready for the fall
Bittersweet tears in the dark, butterflies when I hear you call

Is it just me or do you ever feel like time just flies?
Is it just me or do you ever feel the years go by?
I never been good at sayin' goodbye
So I'ma let the memories get me by
Is it just me or do you put the same scenes on rewind?
Rewind

I never been good at sayin' goodbye
So I'ma let the memories get me by
Is it just me or do you put the same scenes on rewind?
(Let that motherfucker drop)
