

# Runaway

Krewella

And I got the world in the palm of my hands  
And I, all I wanna do is make you dance  
If I never see your face again, will I remember?  
Every time we go out, free drinks, sitting in the VIP  
Twenty minutes in, wanna leave quick  
Do you wanna roll with me?  
If I never see your face again, know I will remember

Let's runaway  
We could leave this crowd  
Runaway at the speed of sound  
If you need to breathe  
I'll be your remedy  
So runaway, runaway  
Runaway with me

Oh, we, we could drive to the midnight sun  
We're free, we're living like we just begun  
If I never see your face again, know I will remember

Let's runaway  
We could leave this crowd  
Runaway at the speed of sound  
If you need to breathe  
I'll be your remedy  
So runaway, runaway  
Runaway with me

Pedal to the floor, got the windows down in a rental car  
Hands on the wheel and your eyes light up like a thousand stars  
If we never see the world again, know we will remember

Let's runaway  
We could leave this crowd  
Runaway at the speed of sound  
If you need to breathe  
I'll be your remedy  
So runaway (runaway, runaway...)
