

# I Wanna Tell The World

Kristina Maria

Too many times my heart is broken,  
so many times that I've could of given up  
Ask myself why I keep on going, (going, going)  
but then you came and gave it meaning,  
I found a way to get into the feelings inside,  
its like you given me a reason for living

And I-iiiiiii  
Wanna Tell The World its You  
Wanna Tell The World its Us  
Wanna Tell The World its Love  
and I-iiiiii Wanna Tell them this is it  
and I never gonna quit  
I Wanna Tell the World  
I Wanna Tell the World  
I Wanna Tell the World  
I Wanna Tell the World  
I Wanna Tell the World

I wanna scream it out to the heavens,  
I never coming down and you wanna know why,  
I found a LOVE so great you just can't believe it.

Nothings gonna change the way I feel  
Your Love is taking over (over, over)  
Looking into your eyes I know its REAL,  
Like an Angel on my shoulder.

And I-iiiiiii  
Wanna Tell The World its You  
Wanna Tell The World its Us  
Wanna Tell The World its Love  
and I-iiiiii Wanna Tell them this is it  
and I never gonna quit  
I Wanna Tell the World  
I Wanna Tell the World  
I Wanna Tell the World  
I Wanna Tell the World  
I Wanna Tell the World

Nothings gonna change the way I feel  
Your Love is taking over (over, over)  
Looking into your eyes I know its REAL,  
Like an Angel on my shoulder  
Like an Angel on my shoulder  
Like an Angel on my shoulder

And I-iiiiiii  
Wanna Tell The World its You  
Wanna Tell The World its Us  
Wanna Tell The World its Love  
and I-iiiiii Wanna Tell them this is it  
and I never gonna quit  
I Wanna Tell the World
