Talk back
Haven't you said enough for too long
Talk back
Nothing you say will right what is wrong
The way you talk back
I'm not gone to have to fix what you've done
Oh eh oh oh
It'll happen on it's own

Cause Karma's gonna get you now
And I'm not gonna stick around
Karma's gonna get you now ow ow baby
And I know that I'll end up right
While you're in a mid life crisis
Karma's gonna get you now ow ow baby (yeah, yeah)

Tough luck
I'm not gonna wait for you to behave
Tough luck
Acting like you're so sorry
Oh yeah you got me thinking
What I could do to hurt you right back
But wait, oh no
I don't have to anymore

Cause Karma's gonna get you now
And I'm not gonna stick around
Karma's gonna get you now ow ow baby (yeah)
And I know that I'll end up right
While you're in a mid life crisis
Karma's gonna get you now ow ow baby

And I'm not going to stick around
And I'm not going to stick around
Karma's going to get you now
Oh eh oh oh
Right back
Oh eh oh oh
I'll forget your sorry ass

Cause Karma's gonna get you now
And I'm not gonna stick around
Karma's gonna get you now ow ow baby (yeah)
And I know that I'll end up right
While you're in a mid life crisis
Karma's gonna get you now ow ow baby

Karma's gonna get you now
And I'm not gonna stick around
Karma's gonna get you now ow ow baby (yeah)
And I know that I'll end up right
While you're in a mid life crisis
Karma's gonna get you now ow ow baby
