

Speed Up

Krokus

Out in the night, turn on the lights
Come on with me on this ride
I wanna know, what's at the end of time
On the highway, a road to Mars,
Riding on past shooting stars
I see a vision, can't get it out of my mind

Riding on my wild machine
Burning fire, shout and scream
Aaaah!
Speed up! Come on! Speed up! Go!

Back on my feet, I stand in the heat
Your hot body shakes to the beat
Feel my desire, pleasure is no crime
On the long long road of freedom
Riding for the gates of Eden
I wanna know, what's at the end of time

Riding on my wild machine
Burning fire, shout and scream
Aaaah!
Speed up! Come on! Speed up! Go!
Speed up! Come on! Speed up! Go!
Yeah, come on, speed up!

Riding on my wild machine
Burning fire, shout and scream
Aaaah!
Speed up! Come on! Speed up! Let's go!
Speed up! Come on! Speed up! Let's go! Go! Go!
