

Hot

KRS-One

Word up!
What's up with this?
We're coming through
Boogie Down style, kid
What's up
This is KRS-One
The light at the end of the tunnel

Yo, they not HOT, all they do is talk a lot
That's not HOT, where's your respect on the block?
That's HOT, not cause you're friends with the cops
That's not HOT, a real MC you're not
I'm HOT, been hot, repeatedly heated
Don't call the teacher, hah, you best be seated
You got these kids gased up like you own the inventory
Fake muthafuckas ain't tellin the whole story
Tell em how you borrow from everyone you knew
And now that you're on top, they can't borrow from you
That's not hot, tell em how you love bein pop
Cause you was so broke before, sleepin cold on a cot
You don't rock, you grab money
Your crocks rock the spot and you grab them honeys
It's about to get ugly
I don't even go to these bullshit kiddie-ass clubs
You wanna be a thug? Let's thug
First of all, soldiers speak to soldiers
Captains speak to captains
Lieutenant/lieutenant, cool?
But your first mistake is: he's steppin to me, rookie
Like you a O.G. and you just a run-up, fool
Who really got these streets on lock?
Whose name really holds high respect on the block?
Who opened up these clubs and taught you how to mix?
Who opened up these thugs from Compton to the Bricks?
I don't even sound like the rest of you kiddies
I study the ways of God, you studyin titties
And ass, I pity your class
Cause you come out with a blast
But you're trash, so you really don't last

They not HOT, all they do is talk a lot
That's not HOT, where's your respect on the block?
That's HOT, not cause you're friends with the cops
That's not HOT, a real MC you're not
They not HOT, all they do is talk a lot
That's not HOT, where's your respect on the block?
That's HOT, not cause you're friends with the cops
That's not HOT, a real MC you're not
This is hotter than heat, too deep, I'm on top of the streets
You weak, you ain't really rockin these beats
You ?????, you dress straight, eat straight
But you're a slave, and yo, you can't come up in a heat tank
G-o-d we thank, we watch what we sell
You better hope these Christians are wrong cause you goin to hell
Think about that when you're spittin your raps
And you call out KRS, I'll put you flat on your back
You're not HOT, all you do is talk a lot

That's not HOT, where's your respect on the block?
That's HOT, not cause you're friends with the cops
That's not HOT, a real MC you're not
What's HOT?
(KRS-One)
That's HOT!
What's HOT?
(KRS-One)
That's HOT!
Who's HOT?
(KRS-One)
That's HOT!
Where's your respect on the block?
