

# I Will Make It

KRS-One

Instead of reading the word of Christ, BE the word of Christ  
Instead of following God's word, BE God's word  
That's the consciousness of hip-hop  
You are not just doing hip-hop, you ARE hip-hop  
You are not just reading the word of God, you ARE the word of God

I will make it  
[I will make it!  
They can fake it  
Time that I state it  
I can create it  
I create it  
No one can make it

For me, what you see is what you get in these days  
I'm so hungry you can throw my dinner right on the stage  
You can bite down on my rage, bite down on my anticipation  
With no doubt or hesitation, repeat this affirmation  
(I WILL MAKE IT) Not I wanna make it  
(SHOW 'EM HOW WE MAKE IT) In fact, we've made it  
Every time we state and believe it we create it  
The power of your very word is highly underrated  
Sleepin in the dark in the park watchin others push they cart  
Say this whole thing in your heart

For me, I ain't askin I ain't beggin I ain't pleadin  
In a positive direction my lifestyle I'm leadin  
I'm readin about ways of achievin what I'm believin  
Every time I'm speakin I'm seein myself leapin  
over buildings, over the one on the corner chillin  
Straight into knowledge of self, countin up millions  
Changin my situation, with creative visualization  
Givin libation for this ancient information

I will make it  
I will make it!  
They can fake it  
Time that I state it  
I can create it  
I create it  
No one can make it
