

My Savior

Krystal Meyers

I feel guilty sometimes when I pray
Stealing time from needs that are great
Still you listen to every word I say
And I want to thank you

And I
I'm amazed to call you mine

My Savior
I'm laying it at your feet
Your love, it consumes me
My Savior
You've given me all I need
Your grace and your mercy

I've been thinking about what you did
I'm empty handed
So what could I give?
But all you ask of me is the life that I live
So I'll be faithful

And I
I'm not ashamed to call you mine

My Savior
I'm laying it at your feet
Your love, it consumes me
My Savior
You've given me all I need
Your grace and your mercy

I never wanna be away
Forever I'll pursue
Everything it takes to be with you

My Savior
I'm laying it at your feet
Your love, it consumes me
My Savior
You've given me all I need
Your grace and your mercy
