

## Jesteś moją lady

Krzysztof Krawczyk

So my lady I cannot quirlly explain  
There love was my own in desire and  
I cannot also let you see  
That you were and you are all for me  
Tomorrow we will also get  
That the sun has to rise and to send  
Standing furly on the solid brown  
I'll be looking for and I found...

To przecież ty jesteś moją lady,  
sumieniem nocy, wschodzącym słońcem co dnia.  
Zapraszam cię znów do moich wspomnień  
w tęczowych barwach, w zapachu bzów.

There'll be a day and there'll be the time  
When you found the way with turns as fine  
After all, kinds of pleasure,  
Working time and leasure.  
We could feel so much long first time and will be daft  
So it can remain and that won't be again  
In imagination our dreams are sensation  
Let me know my mind love a got a fine

To przecież ty jesteś moją lady
