

# Let You In

Kutless

Lying here, in this pit that life's pushed me down  
I don't know, just how long I can take or when I might break  
I'm in need so someone, please show me the truth

This need is real in my soul I feel the love You shared that's  
why I can't say no again  
My thoughts are confused for my sins You abused  
My heart it screams, to open up and let You in

In my mind, I'm still fighting to understand  
Nothing's free, but what You offer me, You give so freely, though  
it cost You Your life and inside, You show me the truth

This need is real in my soul I feel the love You shared that's  
why I can't say no again  
My thoughts are confused for my sins You abused  
My heart it screams, to open up and let You in  
You know I try to do it. To be a self made man

I tried to place it all upon my back again  
But this crushing weight was well beneath the skin  
Panicking for the light, an inner struggle I fight  
But then I realized that You could be the only way

This need is real in my soul I feel the love You shared that's  
why I can't say no again  
My thoughts are confused for my sins You abused  
My heart it screams, to open up and let You in

Let You in...
