

# Love Come Crashing Down

Kutless

Let Your love come crashing down,  
Come and wreck this castle in the sand,  
Turn these walls I've built into rubble  
God I need You need now, God I'm crying out.

Let Your love come crashing down,  
Fall just like the rain washing over my heart,  
Mercy like a wave, there's power in the name of Jesus.

Let Your love come crashing down,  
Build me up and teach me how to stand,  
On the solid rock that lasts forever,  
God I need You need now, God I'm crying out.

Let Your love come crashing down,  
Fall just like the rain washing over my heart,  
Mercy like a wave, there's power in the name of Jesus.

Jesus I know that I can trust Your heart,  
Even when my world is torn apart.

Let Your love come crashing down,  
All I am is in Your hands.

Let Your love come crashing down,  
Fall just like the rain washing over my heart,  
Mercy like a wave, there's power in the name of Jesus,  
of Jesus, of Jesus, let Your love come crashing down.
