

No Wonder (Roar of the Rugged Cross)

Kutless

I see my savior
With love in His eyes
His body broken
With no sin to hide

I see my Jesus
Eyes blind with blood
His face is crimson
His cry is love

No wonder we call You Savior
No wonder we sing Your praise
Jesus, our hope forever
You made a way, You made a way

I see redemption
Ravage the grave
The triumph of Heaven
Christ Jesus our king

No wonder we call You Savior
No wonder we sing Your praise
Jesus, our hope forever
You made a way, You made a way

No wonder we call You Savior
No wonder we sing Your praise
Jesus, our hope forever
You made a way, You made a way

See the light tearing through the darkness
Hear the roar of the rugged cross
Jesus Christ, You alone have saved us
We worship You now

See the light tearing through the darkness
Hear the roar of the rugged cross
Jesus Christ, You alone have saved us
We worship You now

No wonder we call You Savior
No wonder we sing Your praise
Jesus, our hope forever
You made a way, You made a way

You made a way
