

Tear It Up

Kutless

I look around like I'm trying to find somebody else,
But deep down I know I'm looking for myself,
I thought I knew who I was and what I should be,
But I found it's only a fraction of me.

We gotta tear down so we can build back up,
Never stop, never stop, until it's done,
Gotta reset and find every flaw,
Gonna become stronger than we were before.

We're gonna tear it up till the sun goes down,
We're gonna build back up on solid ground,
We're gonna tear it up!

I never thought everything could come to this,
I never realized all of my weaknesses,
But now I know that this is the only way,
And now I'm finding my strength through all the pain.

We gotta tear down so we can build back up,
Never stop, never stop, until it's done,
Gotta reset and find every flaw,
Gonna become stronger than we were before.

We're gonna tear it up till the sun goes down,
We're gonna build back up on solid ground,
We're gonna tear it up!

I never fell this far, I'm broken underneath,
It's all coming apart, I can hardly breathe.

We're gonna tear it up
We're gonna tear it up
We're gonna tear it up!

We're gonna tear it up till the sun goes down,
We're gonna build back up on solid ground,
We're gonna tear it up!
