

# Look My Way

Kyle Park

I've made faces and covered all stages  
Trying to get you to look over here  
I've sang love songs, studied all the rights and wrongs  
I guess the problem is between my ears  
I've yelled and I've screamed, I've tried getting on my knees  
I've written your name all over the wall  
I just don't know what to do  
Nothing seems to work with you  
Won't you look my way  
Look my way

I've fed you lines at least a half dozen times  
But you don't go for those childish games  
I've walked by your side through two or three lights  
I don't even think you know my name  
You know good and well that I've been through hell  
And all for what, your guess is as good as mine  
You'll come around someday  
But I wish I didn't have to wait  
Won't you look my way  
Look my way

BRIDGE:

Look my way just to see if you like what I do  
Because I'll do anything you want me to

I ought to give up and just quit right now  
But I can't let go, I'm too far gone  
I may not be the best man, but I do what I can  
It won't be long  
Before you look my way  
Look my way
