

# Just Go

Kylee

You're bad I know it  
A sugar coated pill so sweet  
One taste, addicted  
I'll be broken if you leave  
You say we're talking  
Just one word would cross the line  
Tightrope I'm walking  
I know it's wrong but I can't stop  
I'm falling into you

Just go, before we go too far  
Can't hold back so leave me standing  
Go, I know that if we start  
Can't go back there's no soft landing  
This is killing me  
I'm on the edge of letting go  
Don't speak just go

Don't say I'm different  
I know that you've been here before  
But my resistance  
Feel it breaking like the dawn  
Your touch electric  
I know it's wrong but I can't stop  
I'm falling into you

Just go, before we go too far  
Can't hold back so leave me standing  
Go, I know that if we start  
Can't go back there's no soft landing  
This is killing me  
I'm on the edge of letting go  
Don't speak just go

You're bad I know it  
A sugar coated pill so sweet  
You got me tied, tied up in temptation  
You got me tied, tied up in temptation

Just go, before we go too far  
Can't hold back so leave me standing  
Go, I know that if we start  
Can't go back there's no soft landing  
And this is killing me  
I'm on the edge of letting go  
Don't speak

Just go, before we go too far  
Can't hold back so leave me standing  
Go, I know that if we start  
Can't go back there's no soft landing  
This is killing me  
I'm on the edge of letting go  
Don't speak just go
