Kylie Minogue

**Am Dm C D**

1. Don't, say, it's like a fantasy

**Am Dm C D**

When, you, know this is how it should be

**F G**

You kiss me, I'm falling

**F G**

Can you hear me calling

**F G**

You touch me, I want you

**F G**

Feels like I've always known you

**Am Dm C D**

R: On a night like this, I wanna stay forever, stay forever

On a night like this just wanna be together

On a night like this

**Am Dm C D**

2. Now, I'm, getting closer to you

Hold, me, I just can't be without you

**F G F G**

You kiss me, I'm falling

It's your name I'm calling

You touch me, I want you

Feels like I've always known you

R: On a night like this...

**F D C D**

\*: Seems I've known you a lifetime

**F D F G**

Now it's time to make you mine

**Am Dm C D**

On a night like this... (2x)
