

Sweet Music

Kylie Minogue

New sensation (3x)

Check out this groove and you're
Walkin' on air
Going into a new
Dimension, yeah

So put your vibes on my beat
And we'll lay it down like that
Slap the hi-hat in
Put the fairlight on the track

Ooh
And we can go
Crazy like that
Feelin' like that
Movin' like that
Drop it like that
Rockin' the track
I'm lookin for that new sensation

Woo hoo
I think we're on to somethin'
You're taste it mirrors mine
So high I'm in the moment
Let's make this demo right
I might just lose it
Woo hoo
When we make sweet music

Doesn't it bend the waves
That's in the air, yeah
Got samples and scratches
Let's do it, right here

Boys and girls.....a different kind of sound

'Cause every heartbeat babe
Is the soundtrack to your life, oh
And every man out there must be sent
To get me high

And we can go
Crazy like that
Feelin' like that
Movin' like that
Drop it like that
Rockin' the track
I'm lookin for that new sensation

Woo hoo
I think we're on to somethin'
You're taste it mirrors mine
So high I'm in the moment
Let's make this demo right
I might just lose it
Woo hoo

When we make sweet music

When we make sweet music
Oh yeah yeah yeah
When we make sweet music
Oh yeah yeah yeah
When we make sweet music
Yeah yeah yeah
When we make sweet music

I think we're on to somethin'
Your taste it mirrors mine
So high I'm in the moment
Lets make this demo right
I might just lose it
When we make sweet music
