

# Death in America

L.A. Guns

Who shot the President  
Who pulled the plug  
Our truth and justice  
Swept under the rug  
Just like a time bomb  
Gonna explode  
A new reality  
Watch it corrode

Just another  
Death in America

Another incident  
Media lies  
Our killers walk the streets  
Where time alibis  
So much you're taught  
Who says  
Crime doesn't pay  
Who runs the syndicate  
Who's in the shade

Just another  
Just another  
Just another  
Just another  
Death in America

I shot the President  
I pulled the plug  
Our truth and justice  
Under the rug  
I'm like a time bomb  
Gonna explode  
A new reality  
Watch it corrode

Just another  
Just another  
Just another  
Just another  
Death in America
