

# Love Flies

L'Arc~en~Ciel

Hateshinai kimi no moto e  
Dore kurai chikazu ita darou

Right side of the dream  
Left side of the truth  
Show me the way

make my sense  
The color is singing  
Afureru kagayaki wo ataete  
in believing come with me  
kanawanu sekai e kimi yo hanate  
I feel Love Flies  
Go on Fast awake  
Go on Fast awake

Genei ga temaneite iru  
Saigo no ai hiki kaeyou ka

Right side of the soul  
Left side of the life  
Show me the way

make my sense  
The color is singing  
Toosugita yami wo koe tobitatsu  
in believing come with me  
Tsubasayo takaku kimi e todoke

I feel Love flies

Motto soba ni kite kanjite itai  
Motto nani ga hoshi ka itte saa!

make my sense  
The color is singing  
Shining rain is overflowing  
All in your mind  
in believing come with me  
Look at the skies  
and then I feel I feel Love flies  
you have to make my way  
The color is singing  
Shining rain is overflowing  
All in your mind  
in believing come with me  
Look at the skies  
and then I feel I feel Love flies  
Go on Fast awake  
Go on Fast awake
