

## It's Not You

L7

Suck this  
It's not you  
It ain't you  
He's the one who can take out my trash  
He's the one who can scratch on my back  
He's the one who don't give you flack  
About what I do, and it's not you baby  
It's not you  
It ain't you  
He's the one who can love me tender  
He's the one who can fix up my blender  
He's the one don't give a hoot  
About what I do, and it's not you baby  
He's the one who can; (sizzle)  
He's the one who can; (pant).  
He's the one who don't give a hoot  
'bout what I do, and it's not you  
No!
