

Get Me A Name

LAB

You do nothing wrong my friend
It's kind of great
Fill my head and bend me tame
And I'll obey - you just
Get me a name
A role in your play
Don't you ever get tame
You're much better insane!
Pat me on the cheek and I'll
Purr and play
Stroke me on the head: I'll play
Every game. You just
If you're being nice to me
Just in play
I will twist your world so weird
You just
