

## Flesh Fixation

Labyrinthe

Skin has always spoken to me.  
The way it feels the way it tastes...  
how it heals and how it can be torn wide the fuck open. Sure I  
have some scars I'm not in it for the pain...  
I find pleasure in taking skin.  
Saving it for when I can't feel something alive.  
My methods are exact I've left wounds unsewn.  
Skin makes us beautiful that is why I collect the only way I  
can get to know someone is if I cut them open and look at their  
insides.  
Just to see what they are made of just to see what lies inside.  
I wish they wouldn't scream but its my obsession my addiction.  
You would not believe how fast your skin can be pulled from you  
r body....fuck.  
its a work of art a motherfucking masterpiece the most  
beautiful thing I've ever seen.
