

## All For Nothing

Lacrimas Profundere

he time is up  
And we're almost there  
The more you lie  
The less I'm gonna care  
Out time is up  
And you should not stay  
Just love yourself  
There's nothing left to say

I try to believe  
That it's nothing but over  
Just lie to me  
Now It's over for nothing

Your time is up  
But I won't cry  
The things we had  
They seem to pass me by
