### Lacuna Coil

Ray of light annoying as a cold breath in the eyes  
Water falls down

Lights around are flashing  
And in meat a razorblade  
Water falls down

Seems to be the day  
I cannot handle this  
Listen to the music in my mind  
For a while

Seems to be my hour  
My shell has disappeared  
Swallow whirls of dust into my mouth

But it's wonderful I know

Hiding all my fear  
My nightmare is becoming real  
Come on, take a look at me  
I'm a loser

Hiding all my crimes and then  
Forgetting all my ideas  
Take a look at me  
I'm a loser

I'm a loser  
It's just an illusion
