Destruction

War

To fight in defence Forgotten words of friendly hate

war - destruction
war - destruction

I don't know why A soul deceased A broken hope A choking breeze

war - destruction
war - destruction

Can't you take me away from your lies?

Destruction

Dark paradise Collecting souls To analize

war - destruction
war - destruction

The bitter blood of a children's cry inside the truth far from my sky

war - destruction
war - destruction

Can't you take me away from your lies?
