

# Within Me

Lacuna Coil

**Am A9 A4 A9 Am Am Bm4**

**Am A9 A4 A9**

Something about you

**Am Bm4A**

That makes me feel bad

**Am A9 A4 A9**

I wasn't there when a thin line

**Am Bm4A**

Destroyed your soul

**Am A9**

I search every corner

**A4 A9**

There's nowhere to hide

**Am Bm4A**

How I feel..... ignorance

**Am A9**

Sacrifice some days it's harder

**A4 A9 Am**

Let's face it, it's all about me

**Bm4A**

Deeply into your own

**Am G**

Deep within me

**F G Am**

Life's crawling and wasting my days

**G F Am G**

Another night gone and I know there will be another way

**F G Am G Am**

I'm leading myself to be free in this eternal goodbye

**Am A9 A4 A9**

Something about you

**Am Bm4A**

Will make me stronger

**Am A9 A4 A9**

Now I'm aware when a man falls

**Am Bm4A**

Rebound, my fault

**Am A9**

I search every corner

**A4 A9**

There's nowhere to hide

**Am Bm4A**

How I feel..... ignorance

**Am A9**

Sacrifice some days it's harder

**A4 A9 Am**

Let's face it, it's all about me

**Bm4A**

Deeply into your own

**Am G**

Deep within me

**F** **G** **Am**

Life's crawling and wasting my days

**G** **F** **Am** **G**

Another night gone and I know there will be another way

**F** **G** **Am** **G** **Am**

I'm leading myself to be free in this eternal goodbye
