

I can't change
enough is enough
your chemistry's strange
and I'm calling your bluff

I can't believe I'm all out of luck again
(ah, ah ah, ah ah ah ah)
(ah, ah ah, ah ah ah ah)
I can't believe I'm all out of luck again
(ah, ah ah, ah ah ah ah)

Are you coming to me?
you're wild, you're wild just like the river
Are you coming to me?
you're wild, you're wild just like a stormy weather

One last chance is never enough
your heart is in place,
but you're playing it rough

I can't believe I'm all out of luck again
(ah, ah ah, ah ah ah ah)

Are you coming to me?
you're wild, you're wild just like the river
Are you coming to me?
you're wild, you're wild just like a stormy weather
Are you coming to me?
you're wild, you're wild just like the river
Are you coming to me?
you're wild, you're wild just like a stormy weather

(ah, ah ah, ah ah ah ah)
(ah, ah ah, ah ah ah ah)
(Ah, ah ah, ah ah ah ah)
(ah, ah ah, ah ah ah ah)

Are you coming to me?
you're wild, you're wild just like the river
Are you coming to me?
you're wild, you're wild just like a stormy weather
